

# JUSTIFICATION

**Romans 5:1 “Therefore being justified by faith, we have peace with God through our Lord Jesus Christ:”**

In legal terms, justification means that in the eyes of the law we are blameless. In God’s eyes, all men are sinners and have committed crimes (sins) worthy of Hell. There is a judgment day coming when the Great Judge of the universe will pass final judgment on men for their sins. This day is known in the Bible as “The Great White Throne Judgment”. Believers in Christ are not subject to this judgment because we are JUSTIFIED before God by our faith in Jesus Christ. Let us never forget the price of our justification - Jesus death on the cross.
